Second Quarter Adjusted EBITDA Increases 29% Over Prior Year Excluding Foreign Exchange

Company Introduces “All Access Pass” Intellectual Property Licenses

Company Reaffirms Annual Adjusted EBITDA Guidance for Fiscal 2016

Ms. Anne H. Chow Appointed to Board of Directors

SALT LAKE CITY--(BUSINESS WIRE)--Mar. 31, 2016-- Franklin Covey Co. (NYSE: FC), a global performance improvement company that creates and distributes world-class content, training, processes, and tools that organizations and individuals use to transform their results, today announced financial results for its fiscal 2016 second quarter ended February 27, 2016.

Fiscal 2016 Second Quarter Financial Results

- **Revenue:** Consolidated revenue for the second quarter was \$45.3 million compared with \$46.3 million in the second quarter of fiscal 2015. The decrease from the prior year was primarily due to the combined impact of two factors: (1) the non-repeat during the quarter of \$1.7 million in revenue (\$0.8 million of Adjusted EBITDA) from a federal government agency contract which, due to administrative changes at the agency, has not yet been open for renewal in fiscal 2016; and (2) a \$0.5 million reduction in revenue due to the year-over-year impact of changes in foreign exchange rates compared with the second quarter of last year. Partially offsetting these decreases were a 29% increase in Education practice sales and a 14% increase in Sales Performance practice revenues. In addition, \$1.1 million of the \$2.9 million of All Access Pass sales were deferred and will be recognized in future quarters.
- **Launch of the All Access Pass:** During late January 2016 the Company introduced the All Access Pass (AAP) intellectual property license. The AAP allows the Company's clients to obtain a license to access and use a broad range of the Company's intellectual property in their training and personnel development programs for a specified period—typically one year. Clients may use complete training curriculums or individual concepts from the Company's available content to create custom training solutions to fit their needs. After testing the concept on a very limited basis in the first quarter and early second quarter, the Company introduced the AAP program in all of its U.S./Canada sales offices in late January. During the second quarter the Company sold \$2.9 million of All Access Passes, which exceeded internal expectations. However, based on applicable accounting standards, \$1.1 million of these sales were deferred and will be recognized over the remaining contractual periods. The Company is very encouraged by the acceptance of the AAP among existing and new clients and its potential for accelerating sales growth in future periods.
- **Gross profit:** Second quarter gross profit was \$29.9 million compared with \$30.0 million in the second quarter of fiscal 2015. The Company's gross margin for the quarter ended February 27, 2016 improved to 65.9% of sales compared with 64.8% in the second quarter of the prior year. The improvement in gross margin was primarily due to a change in the mix of sales which resulted in increased intellectual property sales, including the launch of the All Access Pass, and increased facilitator sales.
- **Adjusted EBITDA:** Adjusted EBITDA for the second quarter increased 15% to \$4.4 million compared with \$3.8 million in the second quarter of fiscal 2015. Excluding \$0.6 million of adverse impact from foreign exchange rates during the quarter, Adjusted EBITDA increased 29% compared with the second quarter of the prior year.
- **Operating Income (Loss):** The Company reported a loss from operations of \$0.3 million compared with \$1.2 million of income in the second quarter of fiscal 2015. Operating income was reduced by a \$1.2 million charge in the second quarter of fiscal 2016 to increase the estimated earn out liability from the acquisition of NinetyFive 5, LLC as Sales Performance practice EBITDA continues to improve and increases the probability of a second earn out payment, and a \$0.4 million charge to restructure the Company's Australian operations. Excluding these accounting charges and \$0.6 million of adverse foreign exchange impact, the Company's income from operations improved 63% over the prior year.
- **Net Income (Loss):** The Company reported a second quarter fiscal 2016 net loss of \$0.4 million compared with net income totaling \$0.4 million in the second quarter of fiscal 2015, reflecting the above-noted factors. Excluding the accounting charges described above and the adverse impact of foreign exchange, the Company's net income improved significantly compared with the prior year.

- **Earnings Per Share:** The Company reported a loss per share for the quarter ended February 27, 2016 of \$(.03) compared with diluted EPS of \$.02 per share in the second quarter of fiscal 2015.
- **Cash Flow and Balance Sheet Highlights:** The Company's cash flows, liquidity, and balance sheet continue to remain strong. Cash provided by operating activities through February 27, 2016 increased \$4.6 million, or 38%, to \$16.8 million compared with \$12.2 million in the first half of the prior year. After completion of its previously announced tender offer, in which the Company acquired 1,971,832 shares of its common stock for \$35.3 million, the Company had \$5.3 million of cash and \$10.1 million outstanding on its long-term revolving credit facility. As a result of strong ongoing cash flows, the Company was able to complete the tender offer utilizing less of its credit facility than previously anticipated.
- **Adjusted EBITDA Outlook:** The Company affirms its previously-announced annual guidance range for Adjusted EBITDA of \$34 million to \$36 million, excluding the impact of changes in foreign exchange during the year.

Bob Whitman, Chairman and Chief Executive Officer, commented, "We were very pleased by our fiscal second quarter results. Adjusted EBITDA grew 29% in the quarter, excluding \$0.6 million of adverse foreign exchange impact."

Whitman added, "We introduced the All Access Pass in late January 2016 and are encouraged by the initial response of clients, which has exceeded our expectations. The AAP gives our clients access to our intellectual property over a contracted period combined with other digital learning aids that are designed to help our clients successfully utilize and implement the content throughout their organization. We expect sales of the All Access Pass to grow rapidly, benefitting the period the pass is sold, and because a meaningful portion of the revenue and corresponding EBITDA is deferred into future periods, All Access Pass sales should also contribute to sustained and accelerating future growth."

Mr. Whitman concluded, "Our strong pipeline growth during the second quarter further establishes a strong foundation for the balance of the year and increases our confidence that we will meet the Adjusted EBITDA guidance range we have previously provided for the year."

Fiscal 2016 Year-To-Date Financial Results

Consolidated revenue for the first two quarters of fiscal 2016 was \$90.5 million compared with \$94.2 million in the first half of fiscal 2015. The decrease from the prior year was primarily due to the combined impact of two previously noted factors: (1) the non-repeat during the first half of fiscal 2016 of \$4.4 million in revenue (\$2.9 million of Adjusted EBITDA) from a federal government agency contract which has not yet been open for renewal in fiscal 2016; and (2) a \$1.5 million reduction in revenue due to the year-over-year impact of changes in foreign exchange rates. Partially offsetting these decreases, was a 32%, or \$3.6 million, increase in Education practice revenues. Consolidated gross profit was \$59.9 million compared with \$61.2 million in the first half of the prior year. Gross margin for the first two quarters increased to 66.2% compared with 65.0% in the prior year on the strength of increased intellectual property license sales and increased facilitator sales.

Adjusted EBITDA for the two quarters ended February 27, 2016 totaled \$8.9 million compared with \$9.7 million in the first half of fiscal 2015. Excluding \$1.2 million of adverse foreign exchange impact in fiscal 2016, Adjusted EBITDA increased 4% compared with the prior year. Operating income for the first two quarters of fiscal 2016 was reduced by a \$1.4 million charge to increase the NinetyFive 5, LLC acquisition earn out liability, \$1.2 million of adverse foreign exchange, and \$0.4 million of restructuring costs related to its Australian operations. Net income was also impacted by these factors and totaled \$0.3 million, or \$.02 per diluted share, compared with \$2.3 million, or \$.13 per diluted share, in the first half of fiscal 2015.

Ms. Anne H. Chow Appointed to the Board of Directors

The Company is pleased to announce the appointment of Ms. Anne H. Chow to its Board of Directors. Ms. Chow is currently the President of Integrator Solutions at AT&T Business. As President of Integrator Solutions, Anne leads a team of over 6,000 industry professionals around the globe who are responsible for developing, delivering, and managing integrated solutions for AT&T's largest multinational business customers as a direct channel as well as through strategic alliances. The global scope of her responsibilities include sales and end-to-end relationship management for both Systems Integrator Solutions and Energy Solutions verticals, multi-billion dollar income statement ownership for these segments as well as for AT&T's sourcing business, and customer service operations for complex managed services across AT&T Business. Since 2000, Ms. Chow has held a variety of leadership positions at AT&T, including Senior Vice President – Global Solutions and Sales Operations and Senior Vice President – Premier Client Group. The Company believes that Ms. Chow's strong sales and relationship management background as well as her distribution and global leadership experience will be a valuable addition to its Board of Directors. Ms. Chow is an "independent director" under the listing standards of the New York Stock Exchange.

A long standing, active member of the community, Anne has previously served on the boards of the AT&T Foundation, Hunterdon Healthcare System, New Jersey Chamber of Commerce, Asian and Pacific Islander American Scholarship Fund, and the Joint Center for Political and Economic Studies. Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 including those statements related to the Company's future results and profitability; expected Adjusted EBITDA in fiscal 2016; expected sales of All Access Pass services; other anticipated future sales; and goals relating to the growth of the Company. Forward-looking statements are based upon management's current expectations and are subject to various risks and uncertainties including, but not limited to: general economic conditions; the expected number of booked days to be delivered; market acceptance of new products or services and marketing strategies; the ability to achieve sustainable growth in future periods; and other factors identified and discussed in the Company's most recent Annual Report on Form 10-K and other periodic reports filed with the Securities and Exchange Commission. Many of these conditions are beyond the Company's control or influence, any one of which may cause future results to differ materially from the Company's current expectations, and there can be no assurance that the Company's actual future performance will meet management's expectations. These forward-looking statements are based on management's current expectations and the Company undertakes no obligation to update or revise these forward-looking statements to reflect events or circumstances subsequent to this press release.

Non-GAAP Financial Information

Refer to the attached table for the reconciliation of a non-GAAP financial measure, "Adjusted EBITDA," to consolidated net income, the most comparable GAAP financial measure. The Company defines Adjusted EBITDA as net income or loss from operations excluding the impact of interest expense, income tax expense, amortization, depreciation, share-based compensation expense, and certain other items such as adjustments to the fair value of expected earn out liabilities resulting from the acquisition of businesses. The Company references this non-GAAP financial measure in its decision making because it provides supplemental information that facilitates consistent internal comparisons to the historical operating performance of prior periods and the Company believes it provides investors with greater transparency to evaluate operational activities and financial results. The Company does not provide forward-looking GAAP measures or a reconciliation of the forward-looking Adjusted EBITDA to GAAP measures because of its inability to project certain of the costs included in the calculation of Adjusted EBITDA.
